

■ Thermal Insulated Isodec - 25A

Standard ALUDEC innercore, shielding the fibreglass insulation from the airstream. The outerjacket/vapour barrier is made of a very tough spirally reinforced multiple layer laminated construction.

Diameter range	62mm- 508mm
Temp range	-30°C - +140°C
Air Velocity	Max 30m/sec
Working Pressure	Max 300mm WG Min ($\frac{D}{30}-25$) x 9.81Pa
Fibreglass Thickness	25mm
Fibreglass Density	16kg/m³
Standard Length	10m in carton
Fire Rating	SABS 0177 Part 3 Class 1

■ Flexible aluminium ducting

Aluminium flexible ducting. Supplied in 10m compressed lengths.

Type PF	Ø mm
100	102
125	127
150	152
200	203
250	250
315	315
